Unexpected Tragedy

On Sunday, June 3rd, Guatemala experienced a major natural disaster. Just twenty miles from our home, Fuego Volcano had a massive eruption sending down a huge pyroclastic flow (a river of lava, rock and ash) and destroying villages at the base of the volcano, burying homes, schools, and churches. Over 300 people were killed, hundreds are still missing, and over 3,500 Guatemalans have survived but have lost everything. Much aid has been given to help with immediate relief, but several of the villages have been declared uninhabitable and residents are not able to go back and rebuild at this time.

On that same Sunday as the volcanic eruption, our family was with the Sumpango church at a local campground for a Baptism Picnic. After an open air church service, nine believers followed the Lord in baptism. The picnic was then cut short because of volcanic ash falling from the sky all over us. As we headed home that day, we were saddened by the news of the disaster, but thankful for God's care and protection. Thanks so much for those who have contacted us to make sure we are safe. Also, thank you to those who have sent funds to help with disaster relief.

Medical Clinics

Both the Ciudad Quetzal and Sumpango churches have recently hosted medical clinics with visiting mission teams in conjunction with MANNA Worldwide. More than 400 people were given medical attention, many were prayed with and one woman accepted Christ as her Savior! Praise the Lord!

Mikayla Update

As many of you know, our 17 year old daughter Mikayla has Crohn's disease. In the past few months, she began developing antibodies and not responding well to her Remicade IV treatments. Mikayla is now on a new medication, Humira, and we are hopeful that her body will continue to respond well to this treatment. Please keep her in your prayers.

Thanks so much for your financial support and prayers!

Saved to Serve,

Jerry and Mindy
